

SHER SINGH

Jr.Devops Engineer || Software Developer

Email:singhsheer.me298@gmail.com | Mob: +917310530670 | [LeetCode](#) | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

Detail-oriented Jr. DevOps Engineer with 1.3+ years of experience at Mirasys in Linux administration, Docker, server deployment, and infrastructure monitoring. Delivered government and enterprise VMS/Video Analytics projects. Built SHEROS, an offline system-health monitoring tool with local dashboard and SQLite storage. Experienced in AI/CV model training (fire & smoke detection, face detection using YOLO) and frontend development with React.js. Completed a 3-month Software Engineer Internship at Mobiloitte Technologies India Pvt. Ltd., focused on Figma and frontend technologies. Strong in troubleshooting and building reliable, automated systems.

EXPERIENCE

- **DevOps Engineer – Mirasys India Pvt. Ltd.** **06/2025 – Present**
 - Worked on multiple government and enterprise-level VMS & Video Analytics (VA) projects, gaining strong hands-on experience in deployment, production support, Integration and troubleshooting.
 - Experienced with Linux, Docker, REST APIs, networking, service deployment, and system monitoring using Grafana, Prometheus, and Netdata.
 - Used Python for scripting, automation, and AI model training using YOLOv5/YOLOE for video analytics applications.
 - Built and integrated AI-based solutions for surveillance systems and contributed to frontend development using React.js, HTML, CSS, and JavaScript.
 - Developed a strong foundation in DevOps and deployment, along with practical experience in development and AI/ML integration
- **Software Developer Intern – Mobiloitte Technologies India Pvt. Ltd.** **01-2025 – 03-2025**
 - Collaborated with a team to design and develop a dynamic E-commerce website using HTML, CSS, JavaScript, and React.js.
 - Created responsive, user-friendly interfaces, ensuring cross-device compatibility and smooth navigation.
 - Utilized Figma for UI/UX design, translating design mockups into fully functional web component.

PROJECTS

- **SHEROS – Cross-Platform System Health Monitoring** [SHEROS](#)
 - Technologies Used: Python, psutil, SQLite, HTML, CSS, JavaScript, REST API, Shell Scripting, Windows, Linux Developed a cross-platform system health monitoring application for Windows and Linux to monitor CPU, memory, disk, network, uptime, and running processes.
 - Built a responsive web dashboard with REST APIs for real-time visualization of system performance and health metrics.
 - Implemented SQLite-based local data storage, configurable retention, and threshold-based alerts for critical system conditions.
 - Automated deployment and environment setup for Windows and Linux using virtual environments, PowerShell, and shell scripting.
- **Fire Detection System using AI & Monitoring Dashboards**
Company: Mirasys India Pvt. Ltd.
 - Technologies Used: Python, YOLOv5/YOLOe, Grafana, Prometheus, Netdata, Docker.
 - Trained a custom fire detection AI model using YOLO on surveillance datasets to detect real-time fire events.
 - Designed and implemented a system monitoring dashboard using Grafana and Prometheus to track machine health metrics.
 - Integrated monitoring tools into the VMS (Video Management System) for visualizing performance and ensuring system stability.
 - Contributed to improving alert accuracy and system observability through DevOps best practices.

SKILL SUMMARY

- **Operating Systems:** Windows, Linux
- **Programming:** Python, Java, JavaScript, SQL, Shell Scripting
- **DevOps & Monitoring:** Docker, Grafana, Prometheus, Netdata, Server Deployment, Automation.
- **Development:** React.js, Node.js, HTML5, CSS3, REST APIs

- **AI & Computer Vision:** YOLOv5, YOLOE, AI Model Training
- **Databases & Tools:** SQL, SQLite, Git, GitHub, VS Code, Figma
- **Core Concepts:** DSA, OOP, DBMS, Computer Networks, SDLC, Troubleshooting

EDUCATION

- **Master of Computer Applications** 08/2026 – 05/2028(Expected)
Maha Rishi Dayanand University, Rohtak, Haryana, India
- **Bachelor of Computer Application** 08/2022 – 05/2025
Maha Rishi Dayanand University, Rohtak, Haryana, India || **CGPA Obtained–** 7.0 CGPA
- **Intermediate school (12th, CBSE)** 04/2020 – 04/ 2022
Sara Swati Vidya Mandir Senior Secondary School (CBSE), Uttar Pradesh || **Percentage Obtained–** 63 %
- **Secondary school (10th, CBSE)** 04/2018--04/2020
Sara Swati Vidya Mandir Senior Secondary School (CBSE), Uttar Pradesh || **Percentage Obtained –** 68 %

Relevant Coursework: Data Structures & Algorithms, Networking, DBMS, Object-Oriented Programming, Software Engineering

CERTIFICATION

- College Level Hackathon Qualified
- CSS | Java Script (Hacker Rank)
- Data Analytics Certified (Anudip Foundation)
- Mirasys VMS Certified (Mirasys India)
